"Giving Matters" is an initiative that aims to recycle common household goods, clothing, equipment and furniture and turn them into impactful donations for local families and charities in need.

After 20 years in Real Estate and watching buyers and sellers have a surplus of "stuff," I had an idea! People have a very little idea with what to do with or how to dispose of their belongings. That is where the "Giving Matters" initiative aims to change all of that, as it pairs common household goods with local charities in need.

Someone else's trash may be another person's treasure!

On the next page is a list of local charities that can use your help. Here is how it works!

1. Look on the "Giving Matters" list and see if any of YOUR unwanted belongings are what these charities need.
2. Call the contact for that organization and let them know you got their name from the "Giving Matters" list.

3. Schedule a time to have the organization pick up those items.
4. Share the "Giving Matters" list with others!

I hope "Giving Matters" gives you the opportunity to purge your unwanted belongs. These donations may seem small to you but that have huge impacts on community and the families receiving them. Thank you for serving the community!

I am so proud to share "Giving Matters," an initiative that is near and dear to my heart!

FAVORITE QUOTES

"Let no one ever come to you without leaving better and happier. Be the living expression of God's kindness: kindness in your face, kindness in your eyes, kindness in your smile." - Mother Teresa

"The best things in life are the people you love, the places you have seen, and the memories you've made along the way."

"Your smile is your logo. Your personality is your business card. How you leave others feeling after an experience with you becomes your trademark."

"Be kind. For everyone you meet is fighting a battle you know nothing about."

"Life has many different chapters of a story. One bad chapter doesn't mean it's the end of the book."
